

AO NA Course— Basic Principles of Foot and Ankle Trauma and Reconstructive Surgery for DPMs

Course Description

The **Basic Principles of Foot and Ankle Trauma and Reconstructive Surgery for DPMs** is a 2-day face-to-face course that consists of evidence-based lectures, AO skills lab, practical exercises, and small group discussions. Lectures will reinforce key information relevant to the topic discussed. The AO Skills Lab will engage surgeons with hands-on learning of basic principles and practical know-how needed for live surgery. Interactive case small group case discussions will help participants to understand decision-making, management skills, and potential pitfalls. In the practical exercises, participants will be trained in the application of fixation techniques applicable to the foot and ankle.

Before attending the course, participants are expected to review a set of prerecorded lectures and complete a self-assessment questionnaire and use resources such as the AO/OTA Fracture and Dislocation Classification Compendium at classification.aomedical.org and AO Surgery Reference.

Who Should Attend

This course is intended for Doctors of Podiatric Medicine in training. Some practicing surgeons may also find this course beneficial.

Tuition

Resident: \$995.00 | Attending: \$1,300.00

Jointly-Provided by:

This activity has been planned and implemented in accordance with the standards and requirements for approval of providers of continuing education in podiatric medicine through a joint provider agreement between The American College of Foot and Ankle Surgeons, Chicago, Illinois and AO North America, Paoli, Pennsylvania.

Accreditation

American College of Foot and Ankle Surgeons is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine.

Designation Statement

The American College of Foot and Ankle Surgeons has approved this Live activity continuing education contact hours.

CME Sign-In Policy

Registration and payment does not automatically result in issuance of CME credits. You must scan your badge each morning and afternoon to receive CME credits. Failure to scan your badge will result in a loss of CME credits. Upon email notification, certificates will be available online approximately 2 weeks post course.

While attendance verification certificate states that it is possible to earn CME hours and The American college of Foot and Ankle Surgeons has made a good faith effort to monitor attendance, the physician is ultimately obligated to honestly report what he/she has attended to all appropriate bodies, including their licensing boards.

AO North America, Inc., gratefully acknowledges funding for its educational activities from the AO Foundation. The AO Foundation receives funding for education from Synthes GmbH.
