

1 Coding and Billing for the Foot and Ankle Surgeon

Tuesday, February 18, 2020

7:30 am – 5:30 pm

8 Continuing Education Contact Hours

Join us for an interactive and comprehensive workshop that will cover pertinent issues related to properly coding surgical procedures and evaluation and management services. Previous attendees of the ACFAS workshop, Coding and Billing for the Foot and Ankle Surgeon, now code more efficiently and effectively and have seen increased reimbursement. By learning how to code just one or two procedures properly, you will cover the cost of this course and see an immediate return on investment in your own practice.

“This was an extremely beneficial course that I’m sure will pay for itself in no time. I think every new practitioner should take it.” — Marta L. Riniker, DPM, AACFAS

“Amazing course, very beneficial to the young (and older) practitioner. Nice to learn things the right way the first time.” — Onya V. Lemar, DPM, AACFAS
