WELCOME HOME TO ACFAS 2021!

1. Learn about the latest advances in foot and ankle surgery, with the most advanced curriculum in the profession.
2. Connect and collaborate with fellow surgeons who experience similar issues in the workplace.
3. Join the highest “repeat attendance” of any podiatric conference.
4. Reignite your passion and leave feeling inspired and energized.
5. See for yourself why it is consistently ranked as the #1 conference in independent surveys.
6. Working with medical experts, the Mandalay Bay and the MGM Resorts team has developed a comprehensive Seven-Point Safety Plan to welcome back their guests.

WHERE ELSE CAN YOU FIND . . .

- **26 CE Contact Hours**
- Cutting edge clinical topics
- The most trusted and respected speakers
- Award winning research presented in manuscripts and over 300 scientific posters
- PICA session—attend and be eligible for 15% premium discount
- 150,000 square feet of exhibits . . .and more.

Come together and join your peers in an educational event that doesn't take place on Zoom! Viva Las Vegas! And Welcome Home!

Welcome Home to ACFAS 2021! We believe it’s time for us to celebrate all that we’ve been through this past year. Abiding by state and local guidelines and with our own precautions in place, we intend to thoughtfully move forward with an in-person event. Not only will ACFAS be implementing their own health and safety protocols, but the Mandalay Bay Convention Center also has one of their own.

Here are some of the many things ACFAS will be doing to help provide for your safety at ACFAS 2021:

- We are implementing a safer registration check-in experience, including the following:
  - Contactless registration.
  - A ramped-up cleaning process for badge kiosks.
  - Marked lines to have attendees 6 feet apart.
  - ACFAS staff, including temps, will wear masks.
  - Education sessions will be set up to allow 6 feet between chairs.
  - Larger aisle ways and one-way aisles will be defined when necessary, including, but not limited to, in the exhibit hall, registration, receptions, etc.
  - Food and beverages will be provided in a no-contact way.
  - Hand sanitizer will be available for attendees to use throughout the Convention Center and hotel.
  - We will offer a satellite session viewing area.
  - There will be a contactless way to ask questions without touching microphones during educational sessions.
  - ACFAS is giving in-person attendees access to the ACFAS 2021 Digital Portal—which will include next-day access to session recordings. Need a break or just not feeling well? You can view sessions from the comfort of your hotel room.
  - By downloading the Mandalay Bay App you will gain contactless access to your hotel room.

Working with medical experts, the Mandalay Bay and the MGM Resorts team has developed a comprehensive plan to welcome back guests. Here is an overview of their Seven-Point Safety Plan.

**Mandalay Bay 7-Point Safety Plan**

1. **Screening, Temperature Checks & Employee Training:** Extensive employee protocols have been put in place including screening questions, employee temperature checks and training programs on health and safety protocols.
2. **Mandatory Masks & Personal Protective Equipment (PPE):** Employees are required to wear an approved mask while working at one of our properties. Gloves will continue to be worn by employees who require them to do their jobs.
3. **Physical Distancing:** We have implemented 6-foot physical distancing policies throughout the resort with floor guides. When spacing isn’t feasible, we have mitigated with plexiglass barriers, face shields or clear signage.
4. **Handwashing & Enhanced Sanitation:** Guests will find easy access to handwashing stations and hand sanitizer throughout the property. Staff have increased the amount of routine cleaning, with a focus on high-touch surfaces using cleaning products that meet EPA guidelines.
5. **HVAC Controls and Air Quality:** Rigorous measures have been taken to provide as much outside air circulation as possible. All guest rooms are equipped with air filters that meet or exceed published standards.
6. **Incident Response Protocols:** In the unfortunate event a guest or employee tests positive for the virus, we will activate protocols and leverage our trained staff to respond quickly so that exposed areas are thoroughly sanitized.
7. **Digital Innovations:** Several aspects of the guest experience have been reimagined through technology. We are putting the arrival experience into the hands of the customers, enabling them to complete the check-in process themselves, from beginning to end.
ACFAS 2021 Annual Scientific Conference in Las Vegas—“Welcome to Fabulous Las Vegas”, a legendary city. Whether it is the captivating sessions, hands-on workshops, or reconnecting with colleagues, it all awaits you at ACFAS 2021 here in Las Vegas!

Register today and join us at the #1 rated foot and ankle surgical conference at the Mandalay Bay Convention Center! The ACFAS annual conference offers a wide range of topics so there is something for everyone, highly respected faculty, and the opportunity to enhance your knowledge and skills, you don’t want to miss out on this once a year learning experience.

Getting There/Airport Shuttle

Easy to get to and from by air with numerous daily flights. The McCarran International Airport is a 10-minute taxi ride to the strip. Uber and Lyft are $12-15, or taxi fare is approximately $25.

Hotel Information

Book your hotel room at onPeak, our official housing partner, through the ACFAS web site at acfas.org/lasvegas; book your room online or you may phone (800) 950-5542 to make your reservation or send an e-mail to acfas@onpeak.co.

What to Wear

Business casual attire is ideal for ACFAS events. Average May highs are at 90 degrees and average lows are 50 degrees.
Special Events

Tuesday, May 18
6:15 – 7:30 pm
The Premier Connection—Opening Event
Sponsored in part by In2Bones
Relax and reconnect with your colleagues before heading out to dinner at the Mandalay Bay. Meet and greet classmates, colleagues, and new friends, while enjoying an assortment of great food, beverages, and music.

Wednesday, May 19
12:00 Noon – 1:00 pm
ACFAS Honors and Awards Ceremony
Congratulate your colleagues who win Manuscript, Poster, Honor and Merit Awards. The year’s best research which offers award-winning solutions will be recognized.

Tuesday, May 18 and Wednesday, May 19
Poster Grand Rounds — Meet Scientific Poster Authors
Don’t miss the profession’s largest scientific poster display with award-winning research studies from around the world. Authors are encouraged to be at their display to answer questions on Tuesday and Wednesday from 1:00 to 2:00 pm.

ACFAS 2021 Digital Portal
New this year, everyone who registers for the conference will get access to the ACFAS 2021 Digital Portal. From this secure website, you will be able to access supplemental content. You will also be able to access the recordings of select sessions. Look for sessions with the computer icon 📱 to know which sessions we will be recording!

EXPOSITION
Come join us in the Exhibit Hall!
Tuesday, May 18, 2021 | 10:00 am – 4:00 pm
Wednesday, May 19, 2021 | 9:30 am – 4:00 pm
Thursday, May 20, 2021 | 9:30 am – 2:00 pm
Refreshment Breaks and Lunch are complimentary each day
Prize Drawings each day scan the items that interest you
SCAN BADGES (morning and afternoon breaks) to record attendance at educational sessions and for CME credit.

### ACCREDITATION:
The American College of Foot and Ankle Surgeons (ACFAS) is approved by the Council on Podiatric Medical Education as a provider of continuing education in podiatric medicine. The ACFAS has approved this activity for a maximum of 26 continuing education contact hours.

### CALIFORNIA RADIOLOGY CREDIT:
Every hour of lecture in scientific sessions can confer up to 0.5 hour of radiology credit.

### ATTENDANCE AND CME CREDITS SCANNING:
Attendance at this conference and CME credits will be recorded electronically by scanning the barcode on the front of your badge. Five (5) scanning stations will be in the Exhibit Hall during morning and afternoon breaks Tuesday, Wednesday and Thursday morning. Thursday afternoon and Friday morning badge scanners will be in the lobby break area.
7:30 – 8:30 am

1 Trauma on Trial
Moderator: Ryan B. Rigby, DPM, FACFAS
Moderator will present cases to two panelists, who will each present their case for why a case should be performed a certain way and the audience will vote on who is best. Cases presented by the moderator include: Metatarsal fractures, Jones fractures, Lisfranc, and others.

Panelists:
Justin J. Fleming, DPM, FACFAS vs. Graham A. Hamilton, DPM, FACFAS
Andrew J. Meyr, DPM, FACFAS vs. Amber M. Shane, DPM, FACFAS
Kelly M. Pirozzi, DPM, FACFAS vs. Meagan M. Jennings, DPM, FACFAS

2 Discoveries from > 10 Years Follow-Ups (What the Textbook Didn’t Teach You)
Naohiro Shibuya, DPM, MS, FACFAS
Case presentations revisited by faculty members years after the case. The speakers will self-reflect, analyze the case to discuss why it went good, bad, with or without literature support.

3 Nothing Ruins More Than a Long-Term Follow-up: “I Thought This Was Perfect Then”
Laurence G. Rubin, DPM, FACFAS

8:00 – 8:10 am

>10 Years of Revision Surgeries: “Did I Do Justice?”
Alan R. Catanzariti, DPM, FACFAS

8:20 – 8:30 am

The Surgery I Did was Good, But See What Happened Elsewhere!
Lowell Weil, Jr., DPM, MBA, FACFAS

8:30 – 8:45 am

Q&A

8:45 – 10:00 am

Opening GENERAL SESSION

Healthcare Remixed

Zubin Damania, M.D. is an internist and founder of Turntable Health, an innovative healthcare clinic that was part of an ambitious urban revitalization movement in Las Vegas. During his decade-long career as a hospitalist at Stanford, Dr. Damania began a shadow career under the pseudonym ZDoggMD, performing stand-up comedy and creating parody videos for medical audiences worldwide. Dr. Damania examines how we can all work to build Health 3.0, an ideal model of care where technology and evidence-based medicine seamlessly support healthcare teams in achieving the outcomes that actually matter to our patients, while improving the wellbeing of the caregivers themselves.

During this engaging opening session, Dr. Damania, through song, humor and storytelling, will dive into the challenges of delivering compassionate health care in our severely dysfunctional medical system. While proposing collaborative ways to revitalize it, he’ll also explore how we might work individually and collectively to transform the current system and ensure that the future of medicine is a bright one.
10:30 am – 12:00 Noon

**International Hallux Valgus Symposium**

Moderator: Naohiro Shibuya, DPM, MS, FACFAS

eModerator: Michael D. Dujela, DPM, FACFAS

Get first exposure to unpublished science and breaking new research. Learn about research and new discoveries relating to the practice of foot and ankle surgery. Authors will have seven (7) minutes to present their papers and engage with the audience.

10:30 – 10:40 am

Comparison of Radiographic Measurements Before and After Triplane Tarsometatarsal Arthrodesis for Hallux Valgus

Paul D. Dayton, DPM, MS, FACFAS (United States)

10:40 – 10:50 am

Randomised Control Trial on the Optimal Duration of Non-Weight-Bearing Walking after Hallux Valgus Surgery

Samuel K.K. Ling, MBChB, ChM, MRCS, FHKOS, FRCSEd, FHKAM (Hong Kong)

10:50 – 11:00 am

Vascular Anatomy of the First Metatarsal Bone and Surgical Implications According to the Severity of Hallux Valgus Deformity: A Cadaveric Study

Sérgio Soares, MD (Switzerland)

11:00 – 11:10 am

Loss of Correction After Chevron Osteotomy for Hallux Valgus as a Function of Preoperative Deformity

Gerhard Kaufmann, MD (Austria)

11:10 – 11:20 am

The Syndesmosis Procedure Correction of Hallux Valgus Feet Associated with the Metatarsus Adductus Deformity

Daniel Yang Wu, (China)

11:20 – 11:30 am

Maintenance of Correction of the Modified Lapidus Procedure With a First Metatarsal to Intermediate Cuneiform Cross-Screw Technique

Travis M. Langan, DPM, AACFAS (United States)

11:30 – 11:40 am

Five-Year Follow-up of Minimally Invasive Distal Metatarsal Chevron Osteotomy in Comparison with the Open Technique: A Randomized Controlled Trial

Gerhard Kaufmann, MD (Austria)

11:40 – 11:50 am

Short Term Results of Dynamic Splinting for Hallux Valgus: A Prospective Randomized Study

Christian Plaass, (Germany)

11:50 – 12:00 pm

Is Generalized Ligamentous Laxity a Prognostic Factor for Recurred Hallux Valgus Deformity? A Retrospective Comparative Study of 859 Cases

Byung-Ki Cho, MD, PhD (South Korea)

12:00 – 12:10 pm

Neurogenic Cavus—Doubling Down Your Strategy

Christopher L. Reeves, DPM, MS, FACFAS

12:10 – 12:20 pm

Supramalleolar Deformities—Do I Really Need a Tibial Osteotomy?

Matthew D. Sorensen, DPM, FACFAS

10:30 am – 12:00 Noon

**A Chip and a Chair—Cavus Deformities**

Moderator: Richard Derner, DPM, FACFAS

Cavus topics that cover examination through implementation, using outside the box approaches to idiopathic vs. neurogenic cavus with a combination of didactics and clinical cases and complications.

10:30 – 10:40 am

Pearls of Examination—Beyond the Coleman Block

William T. DeCarbo, DPM, FACFAS

10:40 – 10:50 am

Soft Tissue Balancing

Jacob Wynes, DPM, MS, FACFAS

11:00 – 11:10 am

First TMT Arthrodesis vs. DFWO of First Metatarsal—Dealer’s Choice?

Jason A. Piraino, DPM, MS, FACFAS

11:10 – 11:20 am

Undercorrected/Neglected Clubfoot

Mitzi L. Williams, DPM, FACFAS

11:20 – 11:30 am

Neurogenic Cavus—Doubling Down Your Strategy

Christopher L. Reeves, DPM, MS, FACFAS

11:30 – 11:40 am

Supramalleolar Deformities—Do I Really Need a Tibial Osteotomy?

Matthew D. Sorensen, DPM, FACFAS

11:40 am – 12:00 pm

Q&A
10:30 am – 12:00 Noon

Plantar Plate Debate
Moderator: Katherine E. Dux, DPM, FACFAS
Speakers debate for the best repair of plantar plate pathology given associated pathology, symptoms, and risk factors.

10:30 – 10:54 am
Advanced Imaging vs. Clinical Evaluation with Plain Films
Lowell Weil, Jr., DPM, MBA, FACFAS vs. Mark A. Prissel, DPM, FACFAS

10:54 – 11:18 am
Direct Repair vs. Indirect Repair
Daniel J. Hatch, DPM, FACFAS vs. Michelle L. Butterworth, DPM, FACFAS

11:18 – 11:36 am
Metatarsal Osteotomy vs. No Metatarsal Osteotomy
Adam E. Fleischer, DPM, MPH, FACFAS vs. Lawrence A. DiDomenico, DPM, FACFAS

11:36 am – 12:00 pm
Panel Case Discussion

12:00 – 1:00 pm

ABFAS Membership Meeting
Provides the opportunity for diplomats to learn about changes in the examination and certification process, hear how candidates scored on examinations and become knowledgeable about the impact board certification has on the practice of podiatric surgery.

12:00 – 2:00 pm
Lunch in Exhibit Hall

2:00 – 3:00 pm

Bunions Gone Wild!
Moderator: Thomas J. Chang, DPM, FACFAS
Panelists will present on bunion cases that have gone awry and how they were managed.
Panelists: Eric A. Barp, DPM, FACFAS
Luke D. Cicchinelli, DPM, FACFAS
Paul D. Dayton, DPM, MS, FACFAS
Lowell Weil, Jr, DPM, MBA, FACFAS

2:00 – 3:00 pm

Pearls for the Advanced Arthroscopist
Moderator: Michael S. Lee, DPM, FACFAS
Pearls for the advanced arthroscopist with emphasis on current literature procedures shown via video. Speakers will focus on the procedure and benefits of arthroscopic approach to address each of these pathologies. Higher level message not meant for the entry level arthroscopist.

2:00 – 3:15 pm
Addressing Ligamentous Instability
Jason G. DeVries, DPM, FACFAS

2:15 – 2:30 pm
Complex OCD Repair
Michael S. Lee, DPM, FACFAS

2:30 – 2:45 pm
Os Trigonum Resection and Other Posterior Pathologies
Brett D. Sachs, DPM, FACFAS

2:45 – 3:00 pm
Arthroscopic Ankle Arthrodesis
Matthew E. Williams, DPM, FACFAS

3:00 – 3:15 pm
Arthroscopic Subtalar Arthrodesis
Kevin M. McCann, DPM, FACFAS

3:15 – 3:30 pm
Q&A

2:00 – 3:30 pm

Syndesmotic Injury: Is It Something We See or Does It See Us?
Moderator: Sandeep B. Patel, DPM, FACFAS
As this topic remains to be controversial in the literature, through this session various myths can be dispelled and through evidence and expert opinion, the preferred techniques of recognizing and managing this injury can be elucidated. The focus is to provide with respect to soft tissue contribution, the morbidity associated with poor syndesmotic fixation, and an approach to salvage when syndesmotic fixation fails.

4:00 – 4:20 pm
The High Ankle Sprain: Is Nonoperative Management Sufficient?
Adam M. Budny, DPM, FACFAS

4:20 – 4:40 pm
Can We Prevent Latent Syndesmotic Disruption?
Graham A. Hamilton, DPM, FACFAS

4:40 – 5:00 pm
Does Ankle Fracture Classification Predict Prognosis of the Syndesmosis?
Alan A. MacGill, DPM, FACFAS

5:00 – 5:20 pm
Syndesmosis Repair: What Does That Mean?
Jordan P. Grossman, DPM, FACFAS

5:20 – 5:40 pm
Is There a Role for Syndesmotic Fusion?
Kyle C. Fiala, DPM, FACFAS

5:40 – 6:00 pm
Q&A
4:00 – 6:00 pm

A Fresh Look at Diabetic Foot and Ankle Reconstruction
Thomas S. Roukis, DPM, PhD, FACFAS

Speakers will each present their own challenging cases of diabetic foot and ankle reconstruction as well as the latest surgical evidence on their topic.

4:00 – 4:20 pm
Ounce of Prevention: Midfoot Charcot and Ankle Progression
Jacob Wynes, DPM, MS, FACFAS

4:20 – 4:40 pm
Approach to Midfoot Charcot with Osteomyelitis
Katherine M. Raspovic, DPM, FACFAS

4:40 – 5:00 pm
Does Neuropathy Influence Management of Acute Lisfranc Injuries?
Michael A. Gentile, DPM, FACFAS

5:00 – 5:20 pm
At What Point Do We Have to Treat DM Ankle Fractures Differently?
D. Scot Malay, DPM, MSCE, FACFAS

5:20 – 5:40 pm
No More Talus: Now What?
Philip Basile, DPM, FACFAS

5:40 – 6:00 pm
Know When to Fold Em’—When the Surgeon and Patient Have Had Enough
John S. Steinberg, DPM, FACFAS

6:15 pm
The Premier Connection (Opening Reception)
7:30 – 9:30 am
Achilles Tendon: From the Acute Rupture to the Chronic Challenge
Moderator: Michael A. Gentile, DPM, FACFAS
Speakers will present on the operative management of acute Achilles tendon ruptures, subacute rupture treatment, treatment of the chronic Achilles rupture, as well as potential complications of surgical repair.

7:30 – 7:45 am
Functional Rehab Whether You Fix It or Not: How Does It Work?
Ronald G. Ray, DPM, FACFAS

7:45 – 8:00 am
Achilles Rupture: Minimally Invasive Maximum Benefit
Michael D. VanPelt, DPM, FACFAS

8:00 – 8:15 am
The Benefits of Open Repair for Achilles Rupture
Sandeep B. Patel, DPM, FACFAS

8:15 – 8:30 am
Subacute Achilles Rupture: What to Do Now?
Keith D. Cook, DPM, FACFAS

8:30 – 8:45 am
Surgical Decision Making and Options for the Chronic Achilles Rupture
Thomas J. Chang, DPM, FACFAS

8:45 am – 9:00 am
Lessons Learned: Dealing with Complications after Achilles Repair
Keith L. Jacobson, DPM, FACFAS

9:00 – 9:30 am
Panel Discussion/Q&A

7:30 – 9:30 am
OCD About Surgical Indications? What Works for Which OCD?
Moderator: Jonathan J. Sharpe, DPM, FACFAS
Each faculty will show two OCD cases, both are treated with the same procedure. The audience is to guess which one went well and which went wrong. The faculty then will finish up the case with final follow up result and present their own analysis on why it went well or wrong.

7:30 – 7:45 am
Microfracture
Graham A. Hamilton, DPM, FACFAS

7:45 – 8:00 am
Retrograde Drilling
Meagan M. Jennings, DPM, FACFAS

8:00 – 8:15 am
Subchondral Bone and Cartilage Restoration
Alan Ng, DPM, FACFAS

8:15 – 8:30 am
Bulk Graft
J. Randolph Clements, DPM, FACFAS

8:30 – 8:45 am
Fusion/Resurfacing
Jason G. DeVries, DPM, FACFAS

8:45 – 9:00AM
Total Talus
Jeffrey E. McAlister, DPM, FACFAS

9:00 – 9:30 am
Panel Discussion/Q&A

7:30 – 9:30 am
Going All In on Peri-Op Management
Moderator: Aksone Nouvong, DPM, FACFAS
Short lecture format for the first session followed by case discussion with multiple medical specialties. Different medical specialist will give didactics each followed by foot and ankle surgeon’s presentation of cases.

7:30 – 7:40 am
The Odds are Stacked, My Patient is Opioid Dependent and Scheduled for Surgery
Sanjog S. Pangarkar, MD

7:40 – 7:50 am
When the Stakes are High in Non-elective Cases After a Recent MI
Seetal Cheema, MD

7:50 – 8:00 am
How Low Can I Go to Help with Flow?
Steven M. Farley, MD

8:00 – 8:10 am
Rolling the Dice, Medical vs. Surgical Management for Infection
Matthew P. Goetz, MD

8:10 – 8:20 am
A Full House of New Diagnostic Tools for Infection
Benjamin D. Levine, MD

8:20 – 9:30 am
Panel Discussion
Javier La Fontaine, DPM, MS, FACFAS
Steven M. Farley, MD
Benjamin D. Levine, MD
Arthur C. Jeng, MD
Sanjog S. Pangarkar, MD
Seetal Cheema, MD
10:00 am – 12:00 Noon

Latest in Rearfoot Surgery

Moderator/Commentator: Andrew J. Meyr, DPM, FACFAS
Commentator: Glenn M. Weinraub, DPM, FACFAS

Get first exposure to unpublished science and breaking new research. Learn about research and new discoveries relating to the practice of foot and ankle surgery. Authors will have five (5) minutes to present their papers and engage with the audience, while experts in the field facilitate discussion.

Lowell Weil, Jr., DPM, MBA, FACFAS
Matthew D. Sorensen, DPM, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS

10:56 – 11:04 am
Validation of the Foot and Ankle Outcome Score for Use in Infracalcaneal Heel Pain
▲ Alisha Joshi, BA
Christopher J. Collazo, DPM, AACFAS
Zachary T. Laidley, DPM
Erin E. Klein, DPM, MS, FACFAS
Matthew D. Sorensen, DPM, FACFAS
Lowell Weil, Jr., DPM, MBA, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS

11:04 – 11:12 am
Surgical Takedown Approaches to Insertional Achilles Tendinitis: A Systematic Review
▲ John M. Thompson, DPM
Kevin N. Nguyen, DPM
Jaime A. Ahiuwalla, DPM
Dominick J. Casiato, DPM
Tyler R. Tewliiager, DPM
Eric So, DPM, AACFAS
Mark A. Prissel, DPM, FACFAS

11:12 – 11:20 am
Outcomes and Material Cost Comparison of Transosseous Versus Suture Anchor Fixation of the Achilles Tendon: A Retrospective Study
▲ Joseph R. Wolf, DPM
Lawrence M. Fallat, DPM, FACFAS
Mary Coffey, PhD

11:20 – 11:28 am
Subtalar Joint Involvement with Tibiotalocalcaneal Intramedullary Nail Arthrodesis: A Cadaveric Study
▲ Jonathan S. Lee, DPM, AACFAS
Anson K. Chu, DPM, AACFAS
Stephen A. Brigido, DPM, FACFAS

11:28 – 11:36 am
Initial Surgical Outcomes of Two Modified Minimally Invasive Repair Techniques for Acute Achilles Tendon Rupture
▲ Olga Drogiomiretskiy, DPM
Lindsey Hjelm, DPM
Joseph Brown, BS
Craig E. Cliftord, DPM, MHA, FACFAS
Todd M. Chappell, DPM, AACFAS

11:36 – 11:44 am
Radiographic Outcomes of Talonavicular Joint Arthrodesis with Varying Fixation Techniques in Stage III Adult Acquired Flatfoot Reconstruction
▲ Vincent G. Vacketta, DPM
Jacob M. Jones, DPM
Frances Hite Philp, MS
Alan R. Catanzariti, DPM, FACFAS

11:44 – 11:52 am
Clinical Outcomes of Evans Calcaneal Osteotomy for the Treatment of Painful Flatfoot Deformities: A Systematic Review and Meta-Analysis
▲ Rona W. Law, DPM, AACFAS
Dominick J. Casiato, DPM
Eric So, DPM, AACFAS
Daniel B. Logan, DPM, FACFAS

11:52 – 12:00pm
Q&A
10:00 am – 12:00 Noon
Latest in Ankle Surgery
Moderator/Commentator: Thomas S. Roukis, DPM, PhD, FACFAS
Commentator: Christopher F. Hyer, DPM, MS, FACFAS

Get first exposure to unpublished science and breaking new research. Learn about research and new discoveries relating to the practice of foot and ankle surgery. Authors will have five (5) minutes to present their papers and engage with the audience, while experts in the field facilitate discussion.

10:00 – 10:08 am
An Evaluation of Patient Characteristics Associated with Medical Disposition in the Surgical Treatment of Ankle Fractures
▲Matthew J. Dougherty, DPM
Andrew J. Meyr, DPM, FACFAS
Kwasi Y. Kwaduo, DPM, FACFAS

10:08 – 10:16 am
Radiographic Analysis and Clinical Efficacy of Hindfoot Arthrodesis with versus Without Cotton Osteotomy in Stage III Adult Acquired Flatfoot Deformity
▲Vincent G. Vacketta, DPM
Jacob M. Jones, DPM
Alan R. Catanzariti, DPM, FACFAS

10:16 – 10:24 am
Complication Rates in Open versus Endoscopic Gastrocnemius Recessions
▲Danielle N. Butto, DPM, FACFAS
Joseph R. Fleck, DPM
Michael Harrington, DPM
Rachel E. Balloch, DPM, FACFAS
Andrew H. Litchfield, DPM, FACFAS
Rafael Gonzalez, DPM

10:24 – 10:32 am
The Association between Lateral Radiographs and Axial Computed Tomography of Posterior Malleolar Fractures as a Tool for Predicting Medial Malleolar Extension: A Multi-Center Retrospective Analysis
▲Alexandra T. Black, DPM
Jered M. Stowers, DPM
Jonathan D. Tenley, DPM, MS
Charles Y. Hu, DPM
William D. Speifogel, DPM, FACFAS
Stuart D. Katchis, MD
Ali Rahnama Vaghef, DPM, AACFAS
Lon S. Weiner, MD

10:32 – 10:40 am
Outcomes Following Open Reduction Internal Fixation of Ankle Fractures (ORIF) By Podiatric Surgeons
▲Brandon K. Kim, DPM
Glen M. Weinraub DPM, FACFAS
Ian M. Newport, DPM, AACFAS
Shiyun Zhu, MPH
Sumer Patel, DPM

10:40 – 10:48 am
Comparison of Patient-Centered Outcomes in Traditional Open and All Arthroscopic Brostrom Surgery for Lateral Ankle Instability
▲Mark K. Magnus, DPM, AACFAS
Erie E. Klein, DPM, MS, FACFAS
Lowell Weil, Jr., DPM, MBA, FACFAS
Matthew D. Sorensen, DPM, FACFAS
Jeffrey R. Baker, DPM, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS

10:48 – 10:56 am
Predicting Nonunions in Ankle Fractures Using Quantitative Tibial Hounsfield Samples from Preoperative Computed Tomography: A Multi-Center Matched Case Control Study
▲Jered M. Stowers, DPM
Alexandra T. Black, DPM
Amber M. Kavanagh, DPM
Karla De La Mata, DPM
Stuart D. Katchis, MD
Lon S. Weiner, MD
William Speifogel, DPM
Ali Rahnama Vaghef, DPM, AACFAS

10:56 – 11:04 am
Long-term Outcomes of the All-Inside Arthroscopic Brostrom Procedure: A Retrospective Analysis of 66 Patients
▲Charles A. Sisovsky, DPM, AACFAS
James M. Cottom, DPM, FACFAS

11:04 – 11:12 am
Accuracy of Weightbearing CT versus Non-Weightbearing CT Scans for Patient-Specific Instrumentation in Total Ankle Arthroplasty
▲Mitchell J. Thompson, DPM, AACFAS
Devon W. Consul, DPM, AACFAS
Benjamin D. Umbel, DO
Gregory C. Berlet, MD

11:12 – 11:20 am
Tibial Component Subsidence in a Total Ankle System Comparing Standard Technique versus a Hybrid Technique
▲Samantha A. Miner, DPM
Philip Basile, DPM, FACFAS
Jeremy J. Cook, DPM, MPH, FACFAS
Emily A. Cook, DPM, MPH, FACFAS
John R. Constantino, DPM

11:28 – 11:36 am
Ideal Medial Malleolar Screw Length Based on the Tibial Epiphysial Scar Location on CT’s
▲Keegan A. Duelfer, DPM
Collin G. Messlerly, DPM
Troy J. Boffeli, DPM, FACFAS
Tyler K. Sorensen, DPM

11:36 – 11:44 am
Ankle Fusion Outcomes Utilizing Anterior Ankle Plating Techniques: A Systematic Review
▲Emily E. Zulauf, DPM
Mark A. Prissel, DPM, FACFAS

11:44 – 11:52 am
The Determinate Value of the Medial Clear Space for Deltoid Integrity in Lateral Malleolar Fractures: A Correlative Analysis of Arthroscopic and Radiographic Findings
▲David R. Collman, DPM, FACFAS

WEDNESDAY

10:00 am - 12:00 Noon

Latest in High-Risk Foot and Ankle Surgery

Moderator/Commentator: Javier La Fontaine, DPM, MS, FACFAS
Commentator: John S. Steinberg, DPM, FACFAS

Get first exposure to unpublished science and breaking new research. Learn about research and new discoveries relating to the practice of foot and ankle surgery. Authors will have five (5) minutes to present their papers and engage with the audience, while experts in the field facilitate discussion.

10:00 – 10:08 am

Postoperative Narcotic Prescribing Practice in Foot and Ankle Surgery

Brandon M. Brooks, DPM, MPH
Rachel H. Albright, DPM, MPH, AACFAS
Bradley M. Brooks, DO
Brady M. Brooks, BS
Robert G. Smith, DPM, MS, RPh
Adam E. Fleischer, DPM, MPH, FACFAS

10:08 – 10:16 am

Postoperative Complications in Patients with Positive MRSA/ MSSA Nasal Swab Compared to Patients with Negative Nasal Swab in Elective Foot and Ankle Surgery

G. Parker Peresko, DPM
Jacob M. Jones, DPM
Frances Hite Philp, MS
Matthew A. Moffa, DO
Matthew J. Hentges, DPM, FACFAS

10:16 – 10:24 am

Predictive Value of MRSA Nares Colonization in Diabetic Foot Infections: A Systematic Review and Bivariate Random Effects Meta-Analysis

Tyler L. Coye, DPM
Courtney M. Foote, DPM
Paul A. Stasko, DPM, FACFAS
Bethany T. DeMarco, DPM
Eileen M. Farley, DPM

10:24 – 10:32 am

Gas-Producing Infections in the Foot at a Large Academic Medical Center: A 10-Year Retrospective Review

John A. Martucci, DPM
Kevin L. Riener, DPM, FACFAS

10:32 – 10:40 am

Articular Cartilage Post Toe Amputation, Protective Barrier or Source of Infection: A Retrospective Chart Review

Sahab K. Danesh, DPM
Kelly M. Pirrozi, DPM, FACFAS
Saba H. Kandi, DPM

10:40 – 10:48 am

A Comparison of Adverse Short-Term Outcomes Following Forefoot Amputation Performed on an Inpatient versus Outpatient Basis

Jennifer A. Skolnik, DPM
Andrew J. Meyr, DPM, FACFAS
Sara Mateen, DPM
Laura E. Sansosti, DPM, AACFAS

10:48 – 10:56 am

Incorporation of Rotational Flaps in Complicated Partial Foot Amputation: A Retrospective Review to Assess Flap Healing and Limb Survival

Elizabeth F. Neubauer, DPM, AACFAS
Troy J. Boffeili, DPM, FACFAS

10:56 – 11:04 am

Increasing Rates of Arthrodesis in Charcot Neuroarthropathy Utilizing Distal Tibial Distraction Osteogenesis Principles

Kelsey J. Millonig, DPM, MPH, AACFAS
Norman A. Siddiqui, DPM, MHA, FACFAS
Brittany E. Mayer, DPM, AACFAS
Jessica N. Fink, DPM, AACFAS
Philip K. McClure, MD
Christopher Bibbo, DPM, DO, FACFAS

11:04 – 11:12 am

The Impact of Diabetes Mellitus on Postoperative Outcomes Following Open Reduction and Internal Fixation to Treat Open Ankle Fractures

Logan H. Mitchell, DPM
Matthew D. Doyle, DPM, MS, AACFAS
Miranda L. Ritterman Weintraub, PhD, MPH
Melissa M. Parker, MS
Jason D. Pollard, DPM, FACFAS
Francesca M. Castellucci-Garza, DPM, MS, AACFAS

11:12 – 11:20 am

The Effect of Negative Pressure Wound Therapy with and without Installation on the Total Microbial Load of Infected Diabetic Foot Ulcers Undergoing Surgical Intervention

Amanda L. Killeen, DPM
Peter A. Crisologo, DPM, AACFAS
Kathryn E. Davis, PhD
Javier La Fontaine, DPM, MS, FACFAS
Matthew Malone, PhD
Michael Radzieta, PhD
Lawrence A. Lavery, DPM, MPH, FACFAS

11:20 – 11:28 am

Comparing Outcomes of Isolated Midfoot Fusions vs. Stabilized Subtalar Joint-Assisted Midfoot Fusions in Patients with Diabetic Charcot Neuroarthropathy

Stephanie N. Campbell, DPM
G. Parker Peresko, DPM
Jacob M. Jones, DPM
Frances Hite Philp, MS
Matthew J. Hentges, DPM, FACFAS

11:28 – 11:36 am

Risk Factors and Outcomes after Surgical Reconstruction of Charcot Neuroarthropathy in Fracture Versus Dislocation Patterns

Nicole K. Cates, DPM, AACFAS
Jonathan D. Furmanek, DPM
Korey S. Dubois, DPM, AACFAS
Jacob Wynes, DPM, MS, FACFAS

11:36 – 11:44 am

Operative Ankle Fractures in Complicated Diabetes: Outcomes of Prolonged Non-Weightbearing

Anthony G. Brutico, DPM
Ellianne M. Nasser, DPM, FACFAS
Joseph Brutico, BS

11:44 – 11:52 am

Staged Open Reduction Internal Fixation vs. External Fixation with Limited Internal Fixation of Severe Pilon Fractures: A Meta-Analysis of Postoperative Complications

Robert A. Burdi, DPM
Daniel J. Ryan, DPM
John F. Grady, DPM, FACFAS
Benjamin G. Potter, DPM

11:52 – 12:00pm

Q&A

Presenter
10:00 am – 12:00 Noon
Latest in Forefoot Surgery
Moderator/Commentator: Paul D. Dayton, DPM, MS, FACFAS
Commentator: George Tye Liu, DPM, FACFAS

Get first exposure to unpublished science and breaking new research. Learn about research and new discoveries relating to the practice of foot and ankle surgery. Authors will have five (5) minutes to present their papers and engage with the audience, while experts in the field facilitate discussion.

10:00 – 10:08 am
Post-Operative Opioid Consumption Following Hallux Valgus and Rigidus Surgery: A Guide to Post-Operative Prescription Writing
▲ Jake D. Eisenschink, DPM
Dennis W. Leveille, DPM, FACFAS
Rachelle L. Leveille, DPM
Anthony J. Mollica, DPM, AACFAS
Joshua D. Rhodenizer, DPM, FACFAS

10:08 – 10:16 am
Minimally Invasive Bunion Correction with Internal Fixation: Functional and Radiographic Outcomes
▲ Bradley M. Lamm, DPM, FACFAS
Jordan J. Ernst, DPM, MS, AACFAS
Travis M. Johnson, DPM, AACFAS
Nachika Ibekwe

10:16 – 10:24 am
The Lateral Hallux Stress Dorsiflexion View for Evaluation of Midterm Hallux Limitus/Hallux Rigidus: A Prospective Assessment of Diagnostic Accuracy and Intermediate Term Outcomes with Chellectomy
▲ Zachary J. Lubek, DPM
Troy J. Boffelli, DPM, FACFAS
Rachel C. Collier, DPM, FACFAS
Heather H. Schaefbauer, DPM

10:24 – 10:32 am
Interim Analysis of a Five-Year Prospective Multicenter Study Assessing Radiographic and Patient Reported Outcomes Following Triplanar Tarsometatarsal Arthrodesis with Early Weightbearing
▲ George T. Liu, DPM, FACFAS
Avneesh Chhabra, MD
Mindu D. Dayton, DPM, MHA, FACFAS
Paul D. Dayton, DPM, MS, FACFAS
William J. Duke, DPM, FACFAS

10:32 – 10:40 am
A Comparison of Complications, Reoperations, and Patient-Reported Outcomes Between Open Reduction and Internal Fixation Versus Primary Arthrodesis Following Lisfranc Injury
▲ Jonathan S. Lee, DPM
Eric So, DPM, AACFAS
Michelle L. Pershing, PhD
Anson K. Chu, DPM, AACFAS
Matthew D. Wilson, DPM, AACFAS
Chandana Halaharvi, DPM, AACFAS
Vincent H. Mandas, DPM, AACFAS
Christopher F. Hyer, DPM, MS, FACFAS

10:40 – 10:48 am
Medial Collateral Ligament Reconstruction in Hallux Valgus Surgery: A Retrospective Review of Outcome in Cases of Lapidus Fusion
▲ Catlea M. Gorman, DPM, AACFAS
Troy J. Boffelli, DPM, FACFAS

10:48 – 10:56 am
Diagnostic Accuracy of Magnetic Resonance Imaging (MRI) and Dynamic Ultrasound for the Diagnosis of Plantar Plate Injuries: A Systematic Review and Meta-Analysis
▲ Brandon Brooks, DPM, MPH
Rachel H. Albright, DPM, MPH, AACFAS
Manali Chingre, BS
Erik E. Klein, DPM, MS, FACFAS
Lowell S. Weil, Jr., DPM, MBA, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS

10:56 – 11:04 am
Screw Length Associated with Fracture Gapping of Fifth Metatarsal Base Fracture with Intramedullary Screw Fixation: A Cadaveric Study
▲ Nicole K. Cates, DPM, AACFAS
Amar R. Gulati, DPM
Jonathan D. Tenley, DPM, MS
Nathan N. O’Hara, MHA
Jacob Wynes, DPM, MS, FACFAS
Roberto A. Brandão, DPM, FACFAS

11:00 am – 11:12 am
How Important is a Lesser Metatarsal Osteotomy in Preventing Hammertoe Recurrence?
▲ Timothy P. Cheung, PhD, CPT
Rachel H. Albright, DPM, MPH, AACFAS
Erik E. Klein, DPM, MS, FACFAS
Matthew D. Sorensen, DPM, FACFAS
Lowell Weil Jr., DPM, MBA, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS

11:12 – 11:20 am
Melanoma of the Foot is Associated with Advanced Disease and Poorer Survival: A Review of Subungual Melanoma and Prognosis
▲ Shontal B. Dionisopoulos, DPM
Mitzi L. Williams, DPM, FACFAS
Peter Peng, MD
Yasser Y. Parupia, DPM
Yun-Yi Hung, PhD

11:20 – 11:28 am
The Influence of Necrosis at the Soft Tissue Resection Margin on Clinical Outcomes of Transmetatarsal Amputation
▲ Korey S. Dubois, DPM, AACFAS
Adam R. McDonald, DPM, AACFAS
D. Scot Malay, DPM, MSCE, FACFAS
Jacob Wynes, DPM, MS, FACFAS

11:20 – 11:28 am
Arthrodesis in Acute and Chronic Lisfranc’s Patients: A Retrospective Cohort Study
▲ Deeptika Ratanala, DPM
William P. Arthur, DPM
Amol Saxena, DPM, FACFAS
Seth Ashraf, DPM
D. Scot Malay, DPM, MSCE, FACFAS

11:36 – 11:44 am
Medicolegal Aspects of Hallux Valgus Surgery: A 20-Year Review
▲ Assal Nour, DPM
Rachel S. Kish, DPM, AACFAS
Ellianne M. Nasser, DPM, FACFAS

11:44 – 11:52 am
Effect of Intraoperative Tibial Sesamoid Position on Hallux Valgus Recurrence and Pain
▲ Matthew A. King, DPM
Bryanna D. Vesely, DPM, MPH
Aaron T. Scott, MD

11:52 – 12:00 pm
Q&A
▲ Presenter
Trending Now: Complex Claims Podiatric Physicians & Surgeons Face Today (PICA)
Speakers: Christopher L. Reeves, DPM, MS, FACFAS and Laura D. Eschleman, Esq.
This presentation will review complex claims that podiatrists face during the care of patients. The healthcare industry is undergoing a dramatic transformation, with changes in the delivery of care and incentives tied directly to the quality of care and patient outcomes. It becomes clear that improving outcomes and reducing errors begins with awareness of current risks and implementing practices to mitigate these risks. We will review recent complex cases stemming from various types of situations, the treatment rendered, and steps taken to mitigate those risks.

12:00 – 1:00 pm
ACFAS Awards Ceremony
Congratulate your colleagues who win Manuscript, Poster, Honor and Merit Awards. The year’s best research which offers award-winning solutions will be recognized.

12:00 – 2:00 pm
Lunch in Exhibit Hall

2:00 – 3:30 pm
Ankle Fractures: When to Hold Em’, When to Fold Em’
Moderator: Justin J. Fleming, DPM, FACFAS
Discussion regarding when and how to manage ankle fractures including techniques and fixation options.

2:00 – 2:12 pm
Which Fractures Don’t Need to be Fixed: Playing the Hand Your Deal
Mitzi L. Williams, DPM, FACFAS

2:12 – 2:24 pm
Posterior Malleolus – Surgical Approach and Fixation
Keith D. Cook, DPM, FACFAS

2:24 – 2:36 pm
Tricks for Syndesmosis Reduction: Systematic Approach to Getting it Right
George Tye Liu, DPM, FACFAS

2:36 – 2:48 pm
Beyond the Plate and Screw: Alternative Fixation Options
Jordan P. Grossman, DPM, FACFAS

2:48 – 3:00 pm
Minimally Invasive Percutaneous/Plate Osteosynthesis: Strategic Utilization
Jason R. Miller, DPM, FACFAS

3:00 – 3:15 pm
Arthroscopic Assisted Ankle Fracture Repair – Does It Make Any Difference?
Shane M. Hollawell, DPM, FACFAS

3:15 – 3:30 pm
Q&A

2:00 – 2:15 pm
Considering the Cheilectomy: “First Line Treatment” vs. “Need to Treat the Cause of the Problem”
Allen M. Jacobs, DPM, FACFAS vs. Kris A. DiNucci, DPM, FACFAS

2:15 – 2:35 pm
Osteotomy “It Works” vs. “Where is the Evidence?”
Matthew E. Williams, DPM, FACFAS vs. Daniel J. Hatch, DPM, FACFAS

2:35 – 2:50 pm
Implant Arthroplasty “It’s Been Proven” vs. “Beginning of Disaster”
Jason A. Piraino, DPM, MS, FACFAS vs. Barry I. Rosenblum, DPM, FACFAS

2:50 – 3:05 pm
Resection Arthroplasty (Keller) “Very Often Useful” vs. “Beginning of New Life”
Michael D. VanPelt, DPM, FACFAS vs. Travis A. Motley, DPM, FACFAS

3:05 – 3:20 pm
Arthrodesis “Beginning of New Life” vs. “The End of Functional Gait”
Thomas J. Chang, DPM, FACFAS vs. D. Scot Malay, DPM, MSCE, FACFAS

3:20 – 3:30 pm
Q&A

2:00 – 3:30 pm
Midfoot Craps: Dealing with Difficult Roles of the Dice
Moderator: Christopher D. Lotufo, DPM, FACFAS
Cases on difficult and complex conditions affecting the midfoot, including osseous and soft tissue structures of the tarso-metatarsal and midtarsal joints. Speakers will discuss a case on one of the topics along with the rational for the treatment provided.
Panelists:
Philip Basile, DPM, FACFAS
Sandeep B. Patel, DPM, FACFAS
Kelly M. Pirozzi, DPM, FACFAS
Harry P. Schneider, DPM, FACFAS
3:30 – 4:00 pm  
Break in Exhibit Hall/Scan for CME

4:00 – 6:00 pm

Hammering Down a Solution to Hammertoes  
Moderator: Adam E. Fleischer, DPM, FACFAS
The updated pearls for improved techniques and outcomes in hammertoe surgery.

4:00 – 4:20 pm
Taming the Toe: Arthrodesis vs. Arthroplasty, What Joint, What Technique?  
Katherine M. Raspovic, DPM, FACFAS

4:20 – 4:40 pm
Implant Arthrodesis of the Digit: Bioabsorable, Metallic, Internal, External?  
Peter A. Blume, DPM, FACFAS

5:00 – 5:20 pm
Angular Deformities  
Luke D. Cicchinelli, DPM, FACFAS

5:20 – 5:40 pm
The Complicated Toe: Floating Toes, Sausage Toes, and Revisions  
Paul D. Dayton, DPM, MS, FACFAS

5:40 – 6:00 pm
Q&A

4:00 – 6:00 pm

Pain Management Royale  
Moderator: Harry P. Schneider, DPM, FACFAS
Different medical specialists will present cases related to different pain management techniques.

4:00 – 4:15 pm
Dealing with the Difficult Patient and Red Flags  
Kyle C. Fiala, DPM, FACFAS

4:15 – 4:30 pm
Acing Your Pre-Op Adjuvant Pain Regimen  
Aksone Nouvong, DPM, FACFAS

4:30 – 4:45 pm
Multimodal Post-Op Pain Control, are NSAIDs a Gamble for Bone Healing?  
D. Scot Malay, DPM, MSCE, FACFAS

4:45 – 5:00 pm
CRPS Circus  
Sanjog S. Pangarkar, MD

5:00 – 5:15 pm
On the Money with Non-Pharmacological Pain Therapy  
Kris A. DiNucci, DPM, FACFAS

5:15 – 5:30 pm
Acupuncture and Alternative Medical Therapy Winners  
Sanjog S. Pangarkar, MD

5:30 – 5:45 pm
Is There a Role for Medical Cannabis in Foot and Ankle Surgery?  
Allen M. Jacobs, DPM, FACFAS

5:45 – 6:00 pm
Q&A

4:00 – 6:00 pm

Recon Madness Final Four  
Moderator: J. Randolph Clements, DPM, FACFAS
Fact Checker: Jacob Wynes, DPM, MS, FACFAS

The past champions of recon madness are competing for their title in the “Final Four”. Presidential debate style on three previously shared topics will be debated.

Panelists:
George Tye Liu, DPM, FACFAS
Al Ng, DPM, FACFAS
Shannon M. Rush, DPM, FACFAS
Glenn M. Weinraub, DPM, FACFAS
**Thursday, MAY 20**

**7:30 – 9:30 pm**  
**Don’t Take a Gamble on Infection**  
Moderator: John S. Steinberg, DPM, FACFAS  
Speakers describe the medical and surgical treatment options available for foot and ankle diseases, recognizing the bone and soft tissue infections.

**7:30 – 7:45 am**  
**Up the Ante Using Lab Values**  
Javier La Fontaine, DPM, MS, FACFAS

**7:45 – 8:00 am**  
**Best Bet on Imaging Techniques for Infections**  
Benjamin D. Levine, MD

**7:30 – 8:30 am (1 hour)**  
**Luck Be a Lisfranc**  
Moderator: Ryan B. Rigby, DPM, FACFAS  
Become familiar with current Lisfranc treatment trends. A Lisfranc case is presented and opponents have two minutes each to convince the audience that their answer is superior.  
Panelists:  
Michael D. Dujela, DPM, FACFAS vs. William T. DeCarbo, DPM, FACFAS  
Keith L. Jacobson, DPM, FACFAS vs. Travis A. Motley, DPM, FACFAS  
Mark H. Hofbauer, DPM, FACFAS vs. Christopher L. Reeves, DPM, MS, FACFAS

**8:30 – 9:30 am (1 hour)**  
**Medial Ankle Management**  
Moderator: Sean T. Grambart, DPM, FACFAS  
Discussion of current treatment options for medial ankle soft tissue disorders, the decision making and treatment techniques for isolated medial gutter arthritis, arthroscopic techniques for acute deltoid repair, and treatment options for chronic deltoid insufficiency.

**8:30 – 7:30 am**  
**Total Ankle Roulette: Improving the Odds of Winning**  
Moderator: Jason R. Miller, DPM, FACFAS  
Evidence based discussion on how age, BMI, habitual tobacco and alcohol use, and other co-morbidities may affect TAR outcomes.

**8:30 – 8:42 am**  
**Does Isolated Medial Gutter Arthritis Require Fusion?**  
Laurence G. Rubin, DPM, FACFAS

**8:42 – 8:54 am**  
**Deltoid Repair Techniques in Ankle Fractures**  
Brian J. Burgess, DPM, FACFAS

**8:54 – 9:06 am**  
**Chronic Deltoid Insufficiency—Decisions & Treatment**  
Shane M. Hollawell, DPM, FACFAS

**9:06 – 9:18 am**  
**Acute Medial Malleolar Fracture—Which and How to Fix?**  
Travis A. Motley, DPM, FACFAS

**9:18 – 9:30 am**  
Q&A
10:00 am – 12:00 Noon
Case Complications that Need a Little Lady Luck
Moderator: Amber M. Shane, DPM, FACFAS
Panelists will present and discuss forefoot, reconstructive rearfoot/ankle, and trauma cases that endured complications due to complicating factors and comorbidity.
Panelists:
Michelle L. Butterworth, DPM, FACFAS
Thanh L. Dinh, DPM, FACFAS
Katherine E. Dux, DPM, FACFAS
Katherine M. Raspovic, DPM, FACFAS
Jennifer C. Van, DPM, FACFAS

10:00 am – 12:00 Noon
Lateral Ankle Instability Exposed: Video and Technique Session
Moderator: Keith L. Jacobson, DPM, FACFAS
Video, picture, and technique heavy lectures describing methods of lateral ankle stabilization and rehabilitation.
10:00 – 10:15 am
Rehabilitation of the Acute LCL Sprain: Let’s Get Moving
Daniel B. Logan, DPM, FACFAS
10:15 – 10:30 am
Modified Broström Gould: Always a Safe Bet
Jason A. Piraino, DPM, MS, FACFAS
10:30 – 10:45 am
Autologous Tissue Harvest: Sacrifice to Stabilize
Kyle C. Fiala, DPM, FACFAS
10:45 – 11:00 am
Synthetic Bracing and Anchoring: Calling in the Backups
Ryan T. Scott, DPM, FACFAS
11:00 – 11:15 am
Should Every Ankle Stabilization Be Scoped: Arthroscopic Pathology Associated with Sprains
Matthew D. Sorensen, DPM, FACFAS

11:15 – 11:30 am
Peroneal Pathologies
Jeffrey E. McAlister, DPM, FACFAS
11:30 – 11:45 am
Hindfoot and Ankle Varus: Don’t Leave the Bone Alone
Richard Derner, DPM, FACFAS

10:00 am – 12:00 Noon
“I Was Scared to Come In”: Management of Neglected Fractures
Moderator: Jordan P. Grossman, DPM, FACFAS
Due to COVID19, many are scared to come into the doctor’s office for care, therefore showing up with neglected fractures. As the golden time period for ORIF is past, fracture management will be more difficult. Speakers will present on neglected fractures and how to treat them.
10:00 – 10:15 am
Neglected Phalanx and Metatarsal Fractures
Kris A. DiNucci, DPM, FACFAS
10:15 – 10:30 am
Neglected Tendon Ruptures
Brett D. Sachs, DPM, FACFAS
10:30 – 10:45 am
Neglected Lisfrac Fracture/Dislocation
Kevin M. McCann, DPM, FACFAS
10:45 – 11:00 am
Neglected Calcaneal Fracture
Shane M. Hollawell, DPM, FACFAS
11:00 – 11:15 am
Neglected Talus Fracture
J. Randolph Clements, DPM, FACFAS
11:15 am – 11:30 am
Neglected Malleolar Fracture
Keith D. Cook, DPM, FACFAS
11:30 am – 11:45 am
Neglected Pilon
Shannon M. Rush, DPM, FACFAS
11:45 am – 12:00 pm
Q&A

2:00 – 3:30 pm
Geriatrics Are Not Just Older Adults
Moderator: Richard Derner, DPM, FACFAS
Speakers will lecture on the considerations needed to treat geriatric patients to maximize benefit over risks in elective surgeries.
2:00 – 2:15 pm
Threshold for Trauma Surgery: Perioperative Considerations
Harry P. Schneider, DPM, FACFAS
2:15 – 2:30 pm
Bunion Surgery: Are Goals Different in Geriatric Patients?
Luke D. Cicchinelli, DPM, FACFAS
2:30 – 2:45 pm
Flatfoot Surgery: What Do They Really Want?
Michael H. Theodoulou, DPM, FACFAS
2:45 – 3:00 pm
Cellular Limitation in Geriatric Patients: How Can We Make Them Heal?”
Stephen A. Brigido, DPM, FACFAS
3:00 – 3:15 pm
Beginning of New Life: When Elective Amputations Are Warranted
Alan R. Catanzariti, DPM, FACFAS
3:15 – 3:30 pm
Q&A

12:00 – 2:00 pm
Lunch in Exhibit Hall
2:00 – 3:30 pm  
**Pediatrics are Not Just Younger Adults: Pediatric Trauma**  
Thanh L. Dinh, DPM, FACFAS  
Speakers will discuss pediatric trauma that occur commonly in practice. Tips and pearls will be provided on treatment of children and adolescents.

2:00 – 2:15 pm  
**The Workup? How Pediatric Patients Differ When It Comes to Trauma**  
Mark H. Hofbauer, DPM, FACFAS

2:15 – 2:30 pm  
**Transitional Ankle Fractures**  
Mitzi L. Williams, DPM, FACFAS

2:30 – 2:45 pm  
**Ankle Sprain**  
Sean T. Grambart, DPM, FACFAS

2:45 – 3:00 pm  
**Other Fractures in Pediatrics**  
Mark A. Prissel, DPM, FACFAS

3:00 – 3:15 pm  
**Pediatric Infection**  
Mitzi L. Williams, DPM, FACFAS

3:15 – 3:30 pm  
**Q&A**

2:00 – 3:30 pm  
**Athletes are Not Just Active Adults: Cutting Edge Sports-New Therapies**  
Moderator: Christopher L. Reeves, DPM, MS, FACFAS  
New techniques that are challenging our traditional approaches to surgical treatment in the sports medicine patient. Open and minimally invasive techniques that are refinements or enhancements to common pathology such as lateral ankle instability, peroneal subluxation and plantar fasciopathy.

2:00 – 2:12 pm  
**Is Traditional Broström Good Enough in Athletes?**  
Jason R. Miller, DPM, FACFAS

2:12 – 2:24 pm  
**“I’m All In!” A New Treatment for Peroneal Subluxation**  
Jeffrey E. McAlister, DPM, FACFAS

2:24 – 2:36 pm  
**Folding the Cards on Mini Open Achilles**  
Ryan T. Scott, DPM, FACFAS

2:36 – 2:48 pm  
**A Role of Regenerative Medicine in Sports Medicine**  
Michael D. VanPelt, DPM, FACFAS

2:48 – 3:00 pm  
**Management of Syndesmotic Injuries**  
Justin J. Fleming, DPM, FACFAS

3:00 – 3:10 pm  
**Revision for Failed Stabilization**  
Matthew D. Sorensen, DPM, FACFAS

3:10 – 3:30 pm  
**Q&A**

4:00 – 6:00 pm  
**Flatfoot Trifecta—Navigating through the Buffet of Procedures**  
Moderator: Laurence G. Rubin, DPM, FACFAS  
Adult acquired flatfoot topics that cover the different components that need to be addressed for successful treatment. Combine didactic information with surgical techniques and clinical cases and complications.

4:00 – 4:15 pm  
**Equinus Deformity – Should I Always Bet on the Same Horse?**  
Eric A. Barp, DPM, FACFAS

4:15 – 4:30 pm  
**Calcaneal Osteotomies – Single Bet or Deuces Wild**  
Michael H. Theodoulou, DPM, FACFAS

4:30 – 4:45 pm  
**Medial Column Stabilization—Where Do I Place My Bet?**  
Alan R. Catanzariti, DPM, FACFAS

4:45 – 5:00 pm  
**Subtalar Joint Arthroeresis in the PTTD Patient – Sure Bet or Long Shot?**  
Mark H. Hofbauer, DPM, FACFAS

5:00 – 5:15 pm  
**Hindfoot Fusions – When to Bet with One, Two, or Three Chips**  
Michael S. Lee, DPM, FACFAS

5:15 – 5:30 pm  
**Tendon Repair and Soft Tissue Adjuncts – Parlay Procedures**  
Ronald G. Ray, DPM, FACFAS

5:30 – 6:00 pm  
**Q&A**
4:00 – 6:00 pm
This Is How I Dealt with My TAR Failure
Moderator: Lawrence A. DiDomenico, DPM, FACFAS
Learn about complication of total ankle replacement from life examples of cases and how they are treated by each expert.

4:00 – 4:15 pm
Prevalence and Mechanism of Failure
Stephen A. Brigido, DPM, FACFAS

4:15 – 4:30 pm
“I Salvaged the Current Implant”
Lawrence A. DiDomenico, DPM, FACFAS

4:30 – 4:45 pm
“I Converted to a Fusion”
Christopher F. Hyer, DPM, MS, FACFAS

4:45 – 5:00 pm
“I Revised It with Another Implant”
Timothy R. Daniels, MD, FRCSC

5:00 – 5:15 pm
“I Decided that Amputation Was the Best Option for the Patient”
Jason R. Miller, DPM, FACFAS

5:15 – 6:00 pm
Q&A
Friday, MAY 21

8:00 – 10:00 am
Tell Me I’m Wrong: Complications Case Panel

Moderator: Sean T. Grambart, DPM, FACFAS

Each speaker presents their own rearfoot and ankle case complications.

Panelists:
Michael D. Dujela, DPM, FACFAS
Christopher D. Lotufo, DPM, FACFAS
Alan Ng, DPM, FACFAS
Amber M. Shane, DPM, FACFAS
Glenn M. Weinraub, DPM, FACFAS

10:15 am – 12:15 pm
Newer May NOT Be Better

Moderator: Andrew J. Meyr, DPM, FACFAS

Engage in critical appraisal of new technology and if this has surpassed more traditional means of performing these procedures. Gain further knowledge of surgical and conservative management strategies in the face of complications.

10:15 – 10:30 am
Frontal Plane Bunion Correction: What Could Go Wrong?
Ronald G. Ray, DPM, FACFAS

10:30 – 10:45 am
Has Newer First MTPJ Implant Arthroplasty Surpassed Fusion?
Peter A. Blume, DPM, FACFAS

10:45 – 11:00 am
Avascular Necrosis of the 2nd Metatarsal: Are There ANY Good Solutions?
Adam E. Fleischer, DPM, MPH, FACFAS

11:00 – 11:15 am
When the “Weil” Doesn’t Go So “Well” Do We Have Other Options for 2nd MTPJ Stability and Metatarsalgia
Michael A. Gentile, DPM, FACFAS

11:15 – 11:30 am
Minimally Invasive? Is it Maximally Destructive?
Jennifer C. Van, DPM, FACFAS

11:30 am – 12:15 pm
Rapid Fire Treatments
Peter A. Blume, DPM, FACFAS
Adam E. Fleischer, DPM, MPH, FACFAS
Michael A. Gentile, DPM, FACFAS
Ronald G. Ray, DPM, FACFAS
Jennifer C. Van, DPM, FACFAS
LEARNING OBJECTIVES

Attendees of the American College of Foot and Ankle Surgeons Annual Scientific Conference will be able to:

Understand deformities of the foot and ankle that cause functional abnormalities and pain. The panel of experts will review clinical diagnosis and the surgical management of the pediatric and the adult flatfoot and cavus foot. Operative interventions will be discussed including procedure selection and description of the accepted techniques. Pitfalls and complications of deformity correction will be discussed.

Appreciate the medical conditions leading to pathology in the foot and ankle. The attendee will appreciate the underlying systemic diseases that affect planning and outcomes of surgical intervention. The attendee will identify common manifestations of systemic diseases in the lower extremity as well as understand how to prevent the complications related to these systemic diseases.

Evaluate and Treat. The attendee will become familiar with the clinical criteria used to evaluate and treat forefoot, midfoot, rearfoot and ankle pathologies. Conservative and surgical treatments will be based on evidence-based literature and clinical knowledge provided from expert panels.

Utilize evidence-based guidelines on reducing operative complications. The attendee will learn risk factors for undesirable outcomes in foot and ankle surgeries. The expert will discuss how those risk factors can apply to different patient populations.

Understand pathologies leading to foot and ankle pain and deformity. The attendee will learn systematic approaches for evaluation of foot and ankle deformity as well as understand concomitant pathomechanics. The selection of diagnostic imaging modalities and how these studies influence the treatment method will be discussed. The content experts will review the trending research to help guide best standards of practice.

Treat traumatic injuries of the foot and ankle. The attendee will recognize the various traumatic injuries and fractures that occur in the foot and ankle. The panel of experts will discuss diagnostic studies, surgical planning, surgical technique and rehabilitation practices to manage these injuries.

Understand best practice guidelines and accepted practices. Based on the clinical experiences of the panel of experts and the conclusions of the medical literature, the attendee will become familiar with optimal management strategies of foot and ankle conditions. The experts will discuss the current guidelines and consensuses and explain how to apply them in a daily clinical practice.

Recognize pediatric deformities presenting in the foot and ankle. The attendee will recognize common of pediatric foot and ankle deformities. Clinical diagnosis, proper selection of surgical procedures, and timing and techniques will be emphasized to demonstrate proper management of pediatric foot and ankle pathologies.

Examine the role of imaging in diagnosing foot and ankle conditions. The attendee will examine the available imaging studies to effectively evaluate foot and ankle abnormalities and treatment planning. Manage patient cases involving staging principles, positioning, and fluoroscopy methods.

Develop and refine surgical acumen and skills through lectures and workshops. Attendees will learn surgical techniques through hands-on workshops emphasizing tissue handling, use of latest implant, and prevention of complications guided by experts in the field.

Establish ethical practices. The attendee will be exposed to common ethical considerations relating to the practice of medicine and understand the multifaceted nature of the doctor-patient relationship. The changing landscape of healthcare with the influence of e-visits, social media, healthcare policy, and digitalization of medical records will be discussed.
THE FINE PRINT

Disclaimer—The ACFAS Annual Scientific Conference is made available as an educational service to its members and other members of the medical profession. The ACFAS has not independently evaluated the content or techniques discussed or demonstrated by any faculty member. The ACFAS does not warrant or endorse any content or technique discussed or demonstrated by any faculty member. Statements about commercial products are solely the opinion(s) of the presenter(s) and do not represent a College endorsement or evaluation of these products. Additionally, any instrumentation shown/demonstrated during this program may or may not have received FDA approval.

Photographs/Videos—Audio/video taping or recording or photographing of sessions is prohibited.

ACFAS routinely takes photos or video of participants in meetings and other conference venues for news and other purposes. By registering for the conference, you grant ACFAS permission to utilize photos of you taken at the conference for ACFAS purposes.

Tax Deduction for Education Purposes—In the United States, an income tax deduction may be allowed for education expenses undertaken to maintain or improve professional skills. This includes registration, travel, meals and lodging, subject to applicable limitations (see Treas. Reg. 1.162-5: Coughlin v Commissioner, 203 F.2d 307 (2d Cir.1953)).

Conditions of Registration and Attendance—To protect the rights of our exhibitors and the value of our exhibit space, the American College of Foot and Ankle Surgeons (ACFAS) Annual Scientific Conference and the meeting space in which ACFAS events are conducted are not to be used as a venue for marketing products, services, meetings, publications, sponsorships, or memberships except for authorized organizations that purchase exhibit space. Any non-exhibitor found to be in violation of this policy shall be invoiced the fee for one exhibit booth and shall not be admitted to the exhibit hall until such fee is paid in full regardless of membership status.

ACFAS reserves the right to regulate the use of all hotel space in which ACFAS events are conducted, including but not limited to the distribution of promotional materials to guest or meeting rooms. Meeting rooms and hospitality suites may be available for rental by exhibitors and/or organizations authorized by ACFAS. Speakers are requested not to promote non-ACFAS programs since the College cannot attest to the content or quality of such events and such promotion could be interpreted as an endorsement of said event(s).

ACFAS reserves exclusive right to modify, postpone/reschedule or cancel programs for any reason, including but not limited to emergency, inclement weather, or other ‘acts of God’. Every attempt will be made to re-schedule and registration fees will be applied to the rescheduled event date. Any travel, lodging, or incidental expenses incurred cannot be refunded by ACFAS under any circumstance. You may wish to consider personal travel insurance for such expenses. If a cancelled event cannot be rescheduled, ACFAS will determine an equitable basis for the refund of a portion, or all, of the registration fee.

Please Note: Program content and faculty are subject to change.
HOW TO REGISTER

ONLINE (Preferred)
Visit acfas.org/lasvegas
Members/Non-Members
Use your ACFAS username and password

FAX
Complete the registration form and fax with full payment to 773.693.9304 or 800.382.8270

Mail
Complete the registration form and mail with full payment to:
ACFAS 2021 Annual Conference
8725 West Higgins Road, #555
Chicago, IL 60631

Payment via Check, American Express, MasterCard, Visa.
Note: Your registration confirmation will be e-mailed.

Cancellation Policy Deadline is April 26, 2021. Cancellations made prior to April 1, 2021 will have the fee waived. Cancellation requests must be submitted in writing to hjelm@acfas.org to receive a refund less a $100 administrative fee. No refunds will be provided after this date. Exceptions will be considered for extenuating circumstances only, such as medical issues or a death in the family. Cancellation fees will be waived if transitioning from onsite registration to virtual registration.

Attendees with Special Needs/Kosher Meal Requests—
If you have special needs addressed by the Americans with Disabilities Act, or special dietary needs, notify the ACFAS at the time you register. Phone: 800.421.2237; e-mail: hjelm@acfas.org. Kosher lunches will not be available unless requested by April 26, 2021. Be sure to check the box on Page 1 of the Registration Form.

SPECIAL CATEGORIES—Online registration is NOT available.
Submit completed registration form without payment and any required forms via e-mail to registration@acfas.org, via fax to 800.382.8270, or by mail. Once your registration is approved you will be notified and a link for payment will be provided.

Non-ACFAS Member Residents can register online, but must submit a letter (on letterhead) from their Residency Director verifying their Resident status.

Students can register online, but must submit a copy of their student ID card.

Active U.S. Military— cannot register online to receive the discounted rate. Include a photocopy of your military ID with your registration form.

Family Badge—Due to social distancing precautions limiting capacities in the exhibit hall and meeting rooms, family badges will not be available for ACFAS 2021.

Celebrating College Fellowship

One hundred and fifty-eight ankle surgeons achieved the designation of Fellow of the American College of Foot and Ankle Surgeons in 2020. The six letters “FACFAS” after the names of these accomplished surgeons indicate to their patients and peers the highest level of professionalism and accomplishment possible. To help celebrate College Fellowship, please join the Board of Directors as gold fellow pins are presented to the doctors present at this conference during the Annual Honors and Awards Ceremony on Wednesday, May 19, at 12 Noon. To every new Fellow, congratulations!
