Complications
2016 Seminar
Minimize Your Complications and Maximize Your Patient Outcomes

October 22-23, 2016
New York Marriott Downtown | New York, NY
Minimize your complications and maximize the results for your patients when you attend this comprehensive problem-based seminar which will focus on complications associated with foot and ankle surgery. Lectures are case-based presentations of complications that happen to all of us and will offer an engaging and unique learning experience as faculty and audience discuss cases.

The discussion will evaluate the perioperative management, including pre-op assessment, surgical technique, and post-op management, as well as how the complication is dealt with. We will be discussing a variety of topics involving all aspects of foot and ankle surgery. Panel discussion will enhance education through debate. Upon completion of the seminar, the audience will be more adept in preventing and dealing with complications as they arise.

Learning Objectives

- Identify ways to avoid and analyze complications
- Identify and apply strategies to improve patient outcomes
- Analyze case-based approaches to deal with complications of the foot and ankle
- Determine surgical approaches to deal with complications
- Manage patient cases involving staging principles, positioning, and fluoroscopy methods

Cancellation Policy
Cancellation requests must be in writing. ACFAS incurs significant expenses prior to the event, so in order to minimize losses it is necessary that we maintain the following refund and cancellation policy:
Requests received by September 30, 2016: a full refund will be provided for all cancellations, less a $50 administrative fee. After September 30, 2016: no refunds will be provided. Exceptions will be considered for extenuating circumstances only, such as medical issues or a death in the family.
An alternate attendee from the same organization may be substituted at any time prior to the conference start with no penalty. However, if the original attendee is an active member and alternate is not, the difference in member/non-member rate must be paid at the time of substitution. Once a registration is made, it is considered final.

ACFAS is unable to assume risk or responsibility for the registrant’s time or expenses should an act of God, government action, aviation disruption, disaster, weather, or other force beyond the control of ACFAS make it inadvisable or impossible to conduct this event. The registrant may wish to consider purchasing personal travel insurance to insure his/her expenses.
