

Revision Surgery: Managing Operative Challenges
MERCI Lab - Park Ridge, IL (near O'Hare)
Agenda

Saturday, October 26, 2019

7:30 - 8:00 am	Check-in/Breakfast (MERI)
8:00 – 8:10 am	Welcome, Introduction to faculty <u>SPECIMENS #1 and #2</u>
8:15 – 8:30 am	Demo – Lapidus / Lapidus with bone graft
8:35 – 9:35 am	Perform – Lapidus and Lapidus with bone graft from tibial metaphysis
9:35 – 9:45 am	Demo – Kalish osteotomy / Repair fractured Metatarsal (dorsal arm)
9:50 – 10:35 am	Perform – Kalish osteotomy / Repair fractured Metatarsal (dorsal arm)
10:35 – 10:50 am	Break <u>SPECIMEN #3</u>
10:50– 11:00 am	Demo – Oblique BWO & DFWO / Hinge failure / bone loss
11:05 – 12:15 am	Perform – Oblique BWO or DFWO - repair failed hinge with bone loss
12:15 am – 1:15 pm	Lunch <u>SPECIMENS #1 and #2</u>
1:15 – 1:25 pm	Demo – Akin Osteotomy
1:30 – 2:15 pm	Perform – Akin osteotomy, repair displaced osteotomy
	<u>SPECIMEN #3</u>
2:15 – 2:30 pm	Demo – 1 st MPJ fusion without and with bone graft
2:35 – 3:30 pm	Perform – 1 st MPJ fusion & 1 st MPJ fusion with bone graft from calcaneus
3:30 – 3:45 pm	Break <u>SPECIMENS #1 and #2</u>
3:45 – 4:00 pm	Demo – Navicular cuneiform fusion & repair nonunion with bone graft
4:05 – 5:30 pm	Perform – Navicular cuneiform fusion & repair nonunion with bone graft from the calcaneus or tibial metaphysis + <u>EXTRA Lab Time!!</u>

8 Continuing Education Contact Hours

6:00 - 8:00 pm	Dinner and Fireside -- Marriott Suites O'Hare Case Presentations <u>Faculty roundtable discussion</u> Lapidus Procedure: When not to use this procedure! What is the role of midshaft and base wedge osteotomies? Plantarflexing the Medial Column – NC fusion or Cotton or 1 st MC fusion? Evans Calcaneal Osteotomy – Graft options / Fixate or not to Fixate? What is the role of the Calcaneocuboid Bone Block Fusion in PTTD or Flatfoot Reconstruction? Talonavicular fusion: Criteria for use in PTTD?
-----------------------	---

2 Continuing Education Contact Hours

(OVER)

Sunday, October 27, 2019

7:30 - 8:00 am

Check-in/Breakfast (MERC)

8:00 – 8:30 am

Faculty Roundtable Discussion on Day 1 procedures – Tips, Quips and Pearls

SPECIMEN #3

8:30 – 8:40 am

Demo – Cotton osteotomy

8:45 – 9:35 am

Perform – Cotton osteotomy with bone graft from calcaneus or tibia

9:40 – 9:55 am

Demo – Evans calcaneal osteotomy and repair non-union / malunion

10:00 – 10:55 am

Perform – Evans calcaneal osteotomy and repair non-union / malunion

10:55 – 11:05

Break

SPECIMENS #1 and #2

11:05 – 11:20 am

Demo – Calcaneocuboid bone block fusion

11:25 – 12:15 pm

Perform – Calcaneocuboid bone block fusion

12:15 am - 1:30 pm

Lunch

SPECIMEN #3

1:30 – 1:45 pm

Demo – Talonavicular fusion and repair non-union with bone graft

1:50 – 2:50 pm

Perform – Talonavicular fusion and repair non-union with bone graft

2:50 – 3:30 pm

EXTRA Lab Time!!
