

Podiatric Residency Resource

April Luna

PRR Support Services/Development

Updates

Changes upcoming in the next number of weeks/months

- Changes/fixes occurring soon and will be noticed by users as testing completed
- April Luna is contact person at PRR if you need to comment or request further investigation of any issues

Activity Log

- BUG: When selecting All Residents, PGY1, PGY2, or PGY3, directors were unable to see the verified date in the User Interface. (Fixed)
- Also changed in Clinical Log

Add Case

- “No Attending” was removed. Residents must select an attending (one must be added if not in system)

Audit Log

Three columns:

- Cleared By
- Error Information
- Error Comment

Clinical Log

- BUG: When the director checks the Verify box, it didn't select all procedures. (Fixed)
- BUG: The case numbers are being sorted alphanumerically.(Fixed)
- Column header stays on top while users scroll through the logs
- Procedure number column has been added. This lets the resident sort procedures in Excel. Residents can then determine procedure categories they can log to meet diversity requirements

CLAD

- When director clears a procedure, it'll be removed from CLAD
- When a resident logs a procedure that has a conflict in CLAD, the procedure shows up once so there aren't duplicate procedures in CLAD when resident only logged the case once
- BUG: Residency Directors are unable to select multiple procedures and verify. (Fixed)
- Column header stays on top when scrolling

Dashboard

- Director: Verified date column added to see last verified date for each resident
- Resident: A reminder section for residents' recent logged case and last date director verified logs

Evaluation

- BUG: Users unable to open the evaluations from their phones or tablets, and wording/font issues. (Fixed)

Fellows

- BUG: Discrepancy in number of logs showing in Clinical Log Summary report. (Fixed)

Graduating Residents Page

- BUG: If residents have met their MAV but not Diversity, the director can still graduate residents. (Fixed)

Reports

- Change in way reports are sorted similar to how they were sorted in former PRR website. Requested by coordinators.

Surgical Procedure Summary

- Report is revised version of Clinical Log Summary from prior PRR website. Lists number of verified procedures for each type
- Can be filtered

User Manual

- User manual for residents, directors, and coordinators under Tutorials

Welcome Email

- Now customized to include more information and a link to User Manual

Work Hours

- When adding work hours, residents are now able to select 'no attending'.

THANK YOU
