Purpose of Fellowship

- Would any/all residents be trained enough to start a fellowship? (whether they wanted one or not)
- What are the barriers to fellowship education? (funding, cases, enough interest)
- Is graduating from residency alone enough in today's foot and ankle world? Or are fellowships necessary?

7

Foot and Ankle Surgeon

- Are all graduates ready to start practicing after residency?
- Does it vary depending on residency training /or location? Or
- Does it vary Individual to individual?

8

Poll Question

To what extent are graduates from residencies prepared for practice today, in comparison to 5-10 years ago?

- A. More prepared
- B. Less prepared

9

Post COVID Training

- Differences pre and post COVID for scores at school level?
- Differences in residency in training scores?
- What has been lost this past year for fellows?

10

Milestones

- Are residencies able to fully educate and have standardization without milestones?
- Are these working at school level?
- Do we need to have these at fellowship level now?

11

"Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has."

Margaret Mead
