Dr. Kristen Patterson graduated from the University of Western Ontario in London, Ontario with a Bachelor of Medical Sciences on the Dean's honor list, and received her Doctor of Podiatric Medicine Degree from Barry University, graduating Pi Delta Honors Society, and Dean's honor throughout her four years. She then completed her three year PMSR/RRA residency at Presence Saint Joseph Hospital in Chicago, Illinois in both forefoot, rearfoot, ankle, and micro-nerve surgical training. Dr. Patterson is board certified by ABFAS in Foot and Reconstructive Rearfoot/Ankle Surgery, and has been in private practice in the Metro Detroit area for ten years.

Dr. Patterson trains residents from Henry Ford St. John Hospital, McLaren Macomb Hospital, and Henry Ford Macomb Hospital in both the operating room and clinical settings. She is peer reviewer for the Journal of Foot and Ankle Surgery, serves on the committee and lectures at the MPMA's annual Great Lakes Conference, and a recent graduate of ACFAS Chris Mahaffey Leadership Development Program, cohort of 2025-26.

Personal:

Having partaken in the ACFAS Leadership Program this past calendar year, I have prepared myself to be actively involved in the college for the future. I would be honored to serve my local Great Lakes ACFAS Members as the secretary/treasurer. I firmly believe in the core values and mission of the ACFAS community, and will continue to advocate for our field and members on a large scale for a profession that I love. I believe in the importance and integrity of the "FACFAS" behind our names, and hope to represent the profession by building and strengthening the relationship of the profession across other professional organizations and the medical field in general, to help improve the future for our younger members. Over the past ten years I have had the pleasure to watch students that shadow in the clinic, all the way through their residency and early careers, and hope to keep a positive outlook for the future. I have a strong work ethic and hope to collaborate with the other board members to strengthen the region and membership as a whole. Please consider me for this opportunity to serve our community and future. Thank you.
