- April 2007 – Orlando, FL; Zimmer 5th International Advanced Comprehensive Foot & Ankle Reconstruction Course

Statement of Interest for the ACFAS Great Lakes Region – Secretary/Treasurer Position

Dear ACFAS Great Lakes Membership,

It is with great interest that I apply for the officer position within the Great Lakes Region of ACFAS. I have been a proud member of ACFAS since 2011. I am fellowship trained, hold forefoot and RRA certifications, and wound care certification.

I have been in practice for 15+ years, mostly in North Carolina. I held directorship of podiatry at a hospital I served in Gastonia for over five years before moving to Cincinnati to assume lead role in private practice. It has been my ambition to be involved with podiatric education through ACFAS and form camaraderie with my fellow members. I have been married for nearly 16 years with two wonderful children.

Thank you,
Dr. Laurence Cane
